

### Biological Washroom Cleaner and Odor Neutralizer

Bio Blue is a highly effective biological washroom cleaner that works by degrading organic soiling to completely eradicate stain and odors. Use on porous washroom surfaces such as flooring materials and tile grouting and especially around urinals and toilets where soiling has been absorbed below the surface. Bio Blue remove calcium deposits on toilet bowls, sinks, showers, taps and fittings. Use to clean all washroom fittings.

Bio Blue contains micro-organisms and free enzymes that produce an enzymatic activity to degrade organic matter and uric salts.

#### Benefits & Advantages:

- Highly effective against odor.
