

Odor Control

The product is a technologically advanced odor controller formulated for use on hard surfaces and carpets. It is unique formulation that provides instant binding of odor causing molecules and destruction of bound odor molecules in a single application. This is result of intensive R&D efforts to engineer odor controller-cleaner combination that goes a step beyond other products available. It is fully biodegradable and completely environment-friendly.

Application Areas:

- Bathroom and Public Area Rest rooms.
- Locker rooms.
- Carpet and Upholstery Stain and Odor Eliminator.
- Fitness facilities.
- Laundry rooms.
- Elevators
- Loading docks.

Benefits & Advantages:

- Effectively controls all major classes of malodorous compounds.
- Deep-cleans by penetrating the pores of surfaces, carpets and underlying areas and degrading residual organics. Prevents the return of persistent malodors by removing the source.
- Removal of stains from fabrics with non-resolving cleaning capabilities.
- Eliminates lingering organic odor and bring nature's secret indoors for a fresher, cleaner environment .

Directions for Use: Mix contents well.

Test an inconspicuous area for color fastness if being used on carpets, upholstery or fabric.

Dilute up to 1:50. Apply as direct spray, not as atomizer.
