

FLOOR CARE - BIO**1. DESCRIPTION / PROPERTIES** (nature, reactivity):

Floor Care -Bio provides single-product simplicity with multi-application flexibility. No other (bio) formulation provides this unique combination of deep cleaning, sanitizing and odor control features. This is the result of intensive R&D efforts which incorporates the latest developmental techniques in biotechnology to achieve for superior deep cleaning and odor control capabilities.

2. COMPOSITION / INFORMATION ON INGREDIENTS

HAZARDOUS COMPONENTS	% w/w	Symbol	R Phrases
Proprietary Blend of Microorganisms	< 15.0	-	-
Fatty Alcohol Ethoxylate	< 0.35	Xn	-

Components non listed are either non hazardous or in concentration of 1% w/w or less than 1% w/w

3. HAZARD IDENTIFICATIONa) **Fire/Explosion Hazard (stability, flammability, combustion products):**

Not classified as flammable or combustible material. Aqueous suspension.

b) **Health Hazard (inhalation, ingestion, contact with skin or eyes):**

Not classified as hazardous for use. May cause irritation on prolonged or repeated skin contact. As with all surface-active chemicals, care should be taken to avoid prolonged skin contact. Low risk from inhalation. Low order of acute oral toxicity but do not ingest.

c) **Environmental Hazard:** Not classified as hazardous to the environment.**4. FIRST AID MEASURES****INHALATION-**

Very low risk in normal usage since product is non-volatile. Mist may cause irritation to the respiratory tract. If affected, remove to fresh air, keep warm and at rest. Obtain medical attention in severe cases

SKIN CONTACT-

Avoid unnecessary contact and keep away from broken skin or open wounds. Wash thoroughly all affected areas with soap and water. Remove contaminated clothing and launder before re-use. Wash hands before eating or drinking.

EYE CONTACT – Irrigate with plenty of clean running water. Seek medical attention if irritation persists.

INGESTION –

Do not swallow, rinse out mouth with water. Do not induce vomiting. If swallowed in quantity seek medical attention as a precautionary measure. Material may cause stomach disorder. Irritation of the mouth, pharynx esophagus and stomach can develop following significant ingestion.

5. FIRE FIGHTING MEASURES**Suitable extinguishing media:**

Since the product is not combustible or flammable, if involved in a fire, use extinguishing media appropriate to the source of the fire.

Protection for fire fighters: Wear self-contained breathing apparatus. Wear protective clothing.

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions: Mark contaminated area with signs and prevent access to unauthorised personnel.

Environmental Precautions:

Product is not environmentally hazardous, on the contrary it favours digestion of oils and greases in sewers and waste water treatment facilities.

Clean up Procedures:

Disperse spillages with large excess of water.

FLOOR CARE - BIO

7. HANDLING AND STORAGE

Handling: After handling wash hands with soap and water.

Storage:

May be stored for period of one year in plastic containers as supplied.
Avoid temperatures above 45°C and protect from frost.
Keep in cool and dry place. Use in 8 hours of dilution.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Engineering Controls : Provide eyewash station

Personal Protection

Hand : Use of rubber gloves recommended.

Eyes : Use of safety glasses recommended.

9. PHYSICAL AND CHEMICAL PROPERTIES

Density : 1.02

Vapour Pressure : Similar to water .

Solubility in water : Completely Miscible

Appearance : Creamy White

Fragrance : Herbal

pH Value : 6.5 to 7.5 approx

10. STABILITY AND REACTIVITY

Stability : Stable.

Materials to avoid : Avoid contact with strong oxidisers. Strong acids or alkalis may render the product inactive.

Temperature : Avoid extremes of temperatures

11. TOXICOLOGICAL INFORMATION

Health Effects

Respiratory : Mist may cause irritation to the respiratory tract.

Skin : May cause irritation on prolonged or repeated skin contact.

Eyes : May cause irritation.

Ingestion : May cause irritation in mouth, throat, stomach and intestinal canal. Contains non-pathogenic bacterial cultures.

12. ECOLOGICAL INFORMATION

Degradability:

All components are readily biodegradable.

Bioaccumulation:

No bioaccumulation is expected.

The product is biodegradable and water-soluble.

13. DISPOSAL CONSIDERATION

Disposal methods:

Dispose of under Local Authority Guidelines.

14. TRANSPORT INFORMATION

Not classified as dangerous for transport.

15. REGULATORY INFORMATION

Not classified as hazardous for use.

Regulatory Information:

Safety Phrases:

S2 Keep out of reach of children.

S26 In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

S46 If swallowed seek medical attention and show the container or label

16. OTHER INFORMATION

Multi-purpose cleaner

PLEASE NOTE:

The information in this Safety Data Sheet is based upon knowledge available at the time of compilation. It is intended to describe the product only in terms of Health & Safety requirements. It does not signify any warranty with regards to specific properties or specifications.
